

# CRACKERJACK TOYS

## Children's Birthday Register.

At Crackerjack Toys we know the worry and thought that goes into choosing the right present.

- Will the child like it?
- Do they already have it?
- Would mum and dad approve?
- Has someone else got them it?

So many questions and so many worries.

Now we would like to help take the stress out of birthdays.

- Bring your child to Crackerjack Toys and let them choose/make a list of the things they would like.
- We will take the child's details.
- Once you and your child (with our help) have made their list this will be kept on file at the shop.
- Select your free Party Invites from our selection, let friends and relatives know that if they are struggling with what to get your child to come along to Crackerjack Toys and we can help.
- Friends can choose from the list knowing no double-ups of gifts.
- It may be part of a collection the child would like ie Sylvanian Families or Thomas the Tank Engine.
- Choices for all budgets and we will wrap for the party.
